Subject: Thank You from Alzheimer's Society

Dear Mr McCarthy

We can achieve so much more when we come together. Thank you so much to everyone at Pound Hill (North) Residents Association for uniting against dementia and raising a fantastic £1,275.00 . We will ensure that we make every penny count to drive our crucial work.

The number of people with dementia is increasing dramatically, with numbers set to reach one million by 2025. This makes our work even more urgent: to research the underlying causes of dementia, to improve diagnosis & care for people affected, to identify methods of prevention, and ultimately, search for a cure.

We'll make sure that your donation is put to good use, whether it's spent on campaigning activity to stand up for people with dementia, funding research to develop a cure, or delivering vital services across the UK; it's going to make a huge difference.

Just one of the vital services we provide is Talking Point, our online safe space, where a trouble shared can become a trouble halved. People accessing Talking Point can learn from each other's experiences, share their frustrations and their knowledge of local services. Talking Point lets people living with dementia share and learn from each other in a safe online space. Just £50 means 312 people can access this site any time, day or night.

We're taking on dementia to put a stop to it, any way we can.

Once again, thank you. With your help we hope to one day win the battle against dementia.

Yours sincerely

Yassen Hadjiamin
